

30+ YEARS EXPERIENCE

MRC's Mining Search group is performance driven and capable of quickly achieving results on behalf of our clients. All of our associates have a mix of Mining/HR backgrounds and have extensive experience in providing a tailored approach to your search needs. We work with a broad cross-section of mining/minerals companies; including start-ups/juniors, mid-caps, majors, engineering consulting, financial and private equity firms. We have a strong track record in successfully fulfilling searches at all levels and disciplines in an array of commodities globally.
